Warriors Choice Foundation® is a 501(c)(3) nonprofit providing combat veterans and first responders with personalized, holistic care for PTSD, traumatic brain injury, mental-health challenges, and catastrophic injuries, anchored by highly trained service dogs and a structured Resiliency Program every participant begins with.

Our goal for this event is to raise \$150,000 in sponsorship to fully underwrite the cost of the event itself. When sponsors cover the event, the dollars raised on top go straight to programs, service dogs, resiliency, and long-term success for those who served.
